

Pallet Racking & Shelving

Cost-effective. Versatile. Easy to install.

Clark Handling is a national company that supplies & fits the best and most widely used pallet racking systems.

We can professionally design the perfect solution for your business requirements with our adjustable racking systems and configure it exactly for volume and weight.

We can offer a fantastic choice of both new and used, including galvanised for outdoor use. We even offer racking inspections and repairs for your safety and peace of mind throughout whole of the UK.

The benefits of using pallet racking are:

1. Pallet racking is easily installed, fully adjustable, cost-effective & versatile.
2. Allows direct access to each pallet.
3. A wide range of sizes and duties for standard frame uprights and beams.
4. Flexible to meet design criteria in terms of load volume and weight, accessibility, handling and superior space utilisation.

If you think your business can benefit from improving its storage with one of Clark's racking systems, or you have any other handling problems we can help you with, call now on 0845 602 9663.

Choose from

Standard Pallet racking incl. Narrow and Double Deep for extra storage.

Cantilever racking for longer & heavier loads.

Vertical racking ideal for handpicking.

Everything you need under one roof – Ours.
