

Drum Handling

Handle your drums with care.

Clark Handling is a national company that supplies the best and most widely used drum handling equipment.

Drum Storage Cabinets

Our drum storage cabinets are available complete with a bunded base (double tank) for containment of potential spillages.

They allow drums to be stored either vertical or horizontal and are available in either open or enclosed applications to suit your needs.

Also available for IBC Units. Drum stands for safe storage of liquids, complete with removable galvanised floor grid & drain taps.

Drum Attachments

Various attachments can be used with either fork-truck or stacker trucks allow drums to be safely picked up and rotated if required.

Trolleys and Dollies

Drum Trolleys and dollies are available for moving drums around in restricted areas.

Specialised pedestrian operated stacker trucks with fire rating are also available when being used in areas of high risk.

If your business can benefit from improving the way your move or store your drums then contact Clark and let us help you now on 0845 602 9663.

Everything you need under one roof - Ours.
